**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I strongly support broadband competition. As a retired individual, I rely on my local Sonic.Net for my internet service, my wireless, and my landline. I live in a community of elders who very much depend low cost internet for their well being and connection with family, friends, and medical/emergency communications.

Competitive pricing and service is very important because without it what is the point!
